Seeking direction for the request below from the OW EOC to share the OW Management Report and other TX/Harvey Water/Wastewater system information with the USACE.

Thanks,
Jim

Kim and Jim,

Please let me know if it is OK for us to share the OW Management Report – or any other information on drinking water and wastewater systems – with USACE.

My USACE water/wastewater contact Andrea Ruminski is deployed in Texas to provide support to Water Missions and to include information on status of water and wastewater systems in the ESF #3 reports. She has been unable to access this information, and I am trying to help her out.

Andrea's assigned POC in EPA Region 6 is Mike McAteer. If it is better to provide information to her through him, that is fine too.

Please let me know if you would like to discuss.

Thanks,

-Kevin
